

Extra & Co Curricular Activities

Education demands physical, intellectual, and emotional development. To bring out talents of the students the school provide sample opportunities for co-curricular activities. Physical education is an integral part of the school curriculum by which the student's tolerance, and sportsmanship etc. The school will have various clubs like Quiz Club, Debate Club, Science Club, Nature Club etc. to promote students' talents.

The school organizes intra and inter school competitions like quizzing, elocution, creative writing, drawing and painting, singing, dancing etc. The School believes strongly in the all-round development of the child. Thus physical, intellectual, aesthetic and spiritual growths are harmonized. We have a group of well-qualified and experienced teachers in Indian and Western Music, Dance and Art.

Paint Your Kids Future...

Welcome to EFA Public School

Dear Parents,

We would like to thank you for showing interest in our school. At EFA we are committed to nurture the inherent potential and talent of each child and to create lifelong learners who will be tomorrow's leaders. With parents as our partners, we aspire to create global citizens who are innovative and have a strong sense of ethical values.

The highlights of our educational philosophy are - Individual attention, Small Class Size, Individual Counseling and E- Technology enabled Hi-tech Classrooms. We promote interactive learning instead of routine learning which lay the strong foundation to a child's learning process. Socialization is particularly important for a child's development and we aim to achieve this through a well-conceived house system, individual counseling and healthy competition.

EFA aims to provide holistic education and has comprehensive facilities to develop the child's all-round personality. The classrooms are spacious and designed to be equipped with audio-visual aids. Additionally, there is a dedicated audio-visual laboratory to enhance teaching methodology. Dedicated Area has been allocated to pursue various co-curricular and club activities. The music and art rooms are well provided for, and are continuously upgraded.

Mission

"To provide quality education in a Happy Learning Environment focusing on All Round Personal Development using Global Standard Scientific Pedagogy, thus creating Educated, Ethical & Capable individuals with the ability to build a Better Society and a Progressive Nation"

About Us

The EFA Public School was founded in March 2012 with a vision to provide quality education. To establish an educational philosophy which is centered around student needs, where excellence is stressed by providing individual attention and where children are carefully nurtured for overall social development. EFA Public School is located on a scenic campus, about 2 kilometres from Mahuar Village in the Jangalchera. It enjoys salubrious climate and a serene environment free from all distractions. It is a secular, co-educational school dedicated to the pursuit of excellence. Whether in the field of academics, sports, arts or music, we believe that every child has inherent talents that we strive to unearth and foster through individual attention. Due emphasis is also placed on the holistic all-round development and socialization of future global citizens.

Academic Curriculum

At EFA our Primary school setup has classes from Nursery to Class V. We follow nationally established and accepted Curriculum supported by Educomp "SMART Classes", a leading global technology enabled learning solution.

English is the medium of instruction with emphasis on both the written as well as the spoken aspects.

Computers & Technology

Is the need of this era. By remaining abreast with the modern technology, the aim is to ensure that by the time the child progresses to Senior Sections, they will understand basic fundamentals of the computer systems and applications.

Tutorials

We believe Primary education should provide a Strong Foundation of Knowledge in any individual. Thus, we have defined structured modular tutorial programs to help create a Continuous Learning process for the students & help gain deep understanding of every subject.

Individual Attention

Every month one week is assigned where revision is completed under the supervision of the class teachers. Students who need extra tutorials are coached free of cost. After school hours, all children are encouraged to spend their free time reading and improving their language skills. As per School's policy private tuitions are not encouraged. Parents and guardians are requested not to approach teachers at their homes or at school for taking private tuitions as it disturbs the smooth functioning of the institution. If there is a need to have a private tuition, parents/guardians should engage with a tutor after consultation with the Principal.

Assessment

After every topic a review is done, and the performance of the student is noted. The aim is to ensure that the students have understood the course work and do not resort to rote learning. Thus, the students are continuously assessed, and all subject teachers give a detailed report at the end of every term. The class teacher, all subject teachers and the headmaster continuously monitors each child's performance.

Physical Education It is an integral part of the school curriculum by which the students learn tolerance, hard work and sportsmanship. EFA is committed to offer students a chance to learn and excel in a wide variety of sporting related activities through qualified physical education teachers & several talented sports persons from the local area.

Commendations

Issued on a weekly basis to encourage the children to excel in academics. Certificates and medals are awarded at the end of the year to the most promising students.
